

ALICE IN BAKER COUNTY

Population: 27,135 | Number of Households: 8,205
 Median Household Income: \$47,121 (state average: \$49,426)
 Florida Underemployment Rate for 2015: 11.5%
 Households Below ALICE Threshold: 3,749 (46%)

How many households are struggling?

ALICE is an acronym for Asset Limited, Income Constrained, Employed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold, or AT). Combined, the number of poverty and ALICE households equals the total population struggling to afford basic needs. The percentage of households below the ALICE Threshold changes over time (left axis, blue bars) as does the total number of households (right axis, dotted yellow line). The Great Recession, from 2007 to 2010, caused hardship for many families. Conditions started to improve in 2010 and 2012 for some, but not for all.

Households by Income, 2007 to 2015

What does it cost to afford the basic necessities?

The bare-minimum Household Survival Budget does not include any savings, leaving a household vulnerable to unexpected expenses. ALICE households typically earn above the Federal Poverty Level of \$11,770 for a single adult and \$24,250 for a family of four, but less than the Household Survival Budget.

Budget: U.S. Department of Housing and Urban Development (HUD); U.S. Department of Agriculture (USDA); Bureau of Labor Statistics (BLS); Internal Revenue Service (IRS); Florida Department of Education, Office of Early Learning.

How many families with children are struggling?

Children add significant expense to a family budget, so it is not surprising that many families with children live below the ALICE Threshold. Though more Baker County families are headed by married parents, a greater percent of single parent families have income below the AT (left axis, blue bar). Total number of families in each category are reflected by dotted yellow bars (right axis).

Families with Children by Income, 2015

Town	Total HH	% ALICE & Poverty
Macclenny	1,899	49%
Macclenny CCD	4,493	42%
Sanderson CCD	3,712	50%

What assets do households have?

Ownership of assets can contribute to stability of households. Yet few families in Baker County own liquid assets, such as a savings account, 401(k) plan, or rental income, that are readily available to cover emergency expenses. Vehicles, the most common asset, depreciate over time. Homeownership, the next most common asset, can build wealth, but is not a liquid asset.

Assets, All Households, 2015

Note: Municipal-level data on this page is for Places and County Subdivisions, which include Census Designated Places (CDP), and Census County Divisions (CCD), relatively permanent statistical areas delineated cooperatively by the Census Bureau and state and local government authorities. These are overlapping geographies so totals will not match county-level data. Municipal-level data often relies on 5-year averages and is not available for the smallest towns that do not report income.

ALICE HOUSING DATA BY COUNTY

ALICE, an acronym for **A**sset Limited, **I**ncome Constrained, **E**mployed, represents the growing number of individuals and families who are working, but are unable to afford the basic necessities of housing, food, child care, health care, and transportation.

The United Way ALICE Report uses standardized measurements to quantify the cost of a basic household budget in each county in Florida, and to show how many households are struggling to afford it. This table presents key housing data for each county in Florida in 2015 for owner-occupied and renter-occupied units.

The Gap in Rental Units is an average of the high and low estimates for the number of rental units necessary to enable all households below the ALICE Threshold to spend less than one-third of their income on housing.

Source: American Community Survey, 2015; counties with populations over 65,000 use 1-year estimates; populations under 65,000 use 5-year estimates. Starting in 2015, there are no 3-year estimates.

Housing Data by County, Florida, 2015
