Subject: Good jobs and affordable homes: millennials should look to these cities (including Jacksonville, FL)

Good afternoon NEFBA Board members,

In case you haven't seen this MarketWatch article yet, I wanted to share it with you. It gives an interesting perspective on the US housing market, and it is always nice to see Jacksonville included on lists like these. It is also interesting because despite this headline/list, we all know housing affordability continues to be a major issue for Jacksonville/NEFL. Just yesterday we hosted the ULI Affordable Housing Task Force to discuss how we can be a part of helping address the affordable housing crisis in the region.

Thanks for all you do to support NEFBA. I hope you have a great weekend!

Bill
